COMMENTS:

1. I would like to see a public forum with dialog in which people can exchange information on the topic.
2. I would like to see a scoping report which would include a complete transcript of verbal and public comments.
3. I recommend consultation with Western Shoshone tribal officials, seeking their permission or revocation of this plan.

Please note: Your comment(s) must be received by the Department of Energy by June 1, 2004 to be considered. Comments received after the close of the comment period will be considered to the extent practicable.

If you prefer to mail your comments, you may use the back side of this sheet as a postage-paid, self-mailer. To do so, fold in thirds along the dotted line so the address and postage-paid notice are visible, then secure with tape.

Please feel free to attach additional pages (if mailing, more postage may be needed).
